Government Technology events set the standard for connecting companies with the public-sector executives responsible for $111 billion in annual IT spending.

In 2021, Government Technology will continue to deliver its market-leading Digital Government Summits virtually. These events will reach thousands of state and local leaders in 41 regions, delivering content tailored to the unique challenges confronting each jurisdiction.

“I thought the event was the most engaging of any virtual event I’ve attended this year.”

- 2020 SPONSOR
Future-Proofing Government Networks Today for a Smarter Tomorrow

A choice of network technologies can serve multiple community priorities.

How to Build Stronger IT Security through Automation

Code playbooks automate security configuration and update processes for consistency, efficiency and timeliness.

Growing threats and evolving citizen expectations are prompting governments to double down on managing and protecting data.

Putting Privacy First
