

# Session Call to Action

## Secure by Design: Embedding Enterprise Cyber Resilience into Local Government Software

Charles Burton

Director of Information Technology for Calcasieu Parish,  
Louisiana

### Commit to Achieving the following in the Next 3-6 Months:

- Request SBOM from vendors
- Use SBOM to monitor for vulnerabilities
- Bring AI into the SDLC

### Commit to Follow-Up with and Learn from Others:

- Attend relevant MS-ISAC Training and Education sessions at least once per month.
- Form or commit to joining a working group or collaborative cohort in the MS-ISAC.
- Access MS-ISAC members and other peer connections via <https://portal.cisecurity.org>.
- Email [info@cisecurity.org](mailto:info@cisecurity.org) for help connecting with others on a topic of interest.
- Email [soc@msisac.org](mailto:soc@msisac.org) or call 866-787-4722 for 24x7x365 cybersecurity assistance.
